- 5.9 **Payment of Union Officers.** No employee shall be disciplined or discriminated against in any manner because of their membership in the Union or for grievance investigation activities provided that this shall not be interpreted as creating immunity for an employee from plant rules or from generally applicable standards of

ARTICLE 7

DISCHARGES

- 7.1 **Notification.** Whenever an employee is suspended or discharged, the employee will be notified, then the full time Union Representative, if unavailable, then the grievance committeeman at interest in the building or, if the committeeman is absent, the chief steward or the department steward prior to the employee leaving the plant. If it is not possible to notify the committeeman or the chief steward or department steward prior to the employee leaving the plant, the grievance committeeman at interest in the building or the chairman of the grievance committee will be notified by the end of the next working day after the date of the Company's action.

- 7.2 **Review.** If the discharged employee believes that he or she was discharged improperly, he or she may request a review in accordance with the grievance procedure as established in Article 16 of this Agreement, except that in this case the review procedure shall begin with the **third** step of the grievance procedure.
- 7.3 However, it is agreed that the discharged employee's right to such a review of their discharge shall be deemed to be waived conclusively if the discharged employee's request for a review is not received by the Company within the three (3) working days following the date of the discharge, or within three (3) calendar days after the date on the returned receipt of the certified letter sent by the Company, in those cases in which the employee is not notified of the discharge personally. At any of the steps in the grievance procedure, the Union Grievance Committee may request that the discharged employee appear in person at the grievance meeting.
- 7.4 **Revoking Discipline.** If at any level of the investigation of the discharge, it is determined that the employee was discharged improperly, the discharge will be revoked and the employee may be made whole for all money and benefits lost as a result of the improper discharge or suspension during the investigation. All disciplinary action will be initiated within two (2) working days after all the facts are known on the alleged violation.

ARTICLE 8

SENIORITY

- 8.1 **Use of Seniority.** The parties recognize that promotional opportunity and job security in the event of promotion, decrease of forces and recall after layoff, shall increase in proportion to length of continuous service. However, for an employee to exercise their seniority as described in this Article, they must first show evidence of having the ability and qualifications to perform or ability to learn satisfactorily the job to which their seniority otherwise entitles.
- 8.2 **Seniority Defined.** Seniority is defined as the length of an employee's continuous service with the Company from their

latest employment date and will apply in all cases of promotion, layoff or recall to work.

- 8.3 Seniority shall be applied within the occupational groups set forth in Supplement "A" of this Article.
- 8.4 An occupational group will contain job classifications arranged by labor grade that have normal promotional-demotional possibilities.
- 8.5 The occupational groups with explanations as prepared by representatives of the Company and the Union are included in Supplement "A".
- 8.6 Realizing that deviations of procedures set forth in paragraphs 8.14, 8.15 and 8.16 may be necessary to maintain efficient plant operations, it is further agreed that any deviations will be mutually agreed to by the Company and the Union.
- 8.7 **Temporary Dislocation.** Temporary Dislocation may not exceed sixteen (16) hours in any thirty (30) day period on the shift of the department so affected.
- 8.7A for those departments working the four day ten hour schedule, temporary dislocation activity may not exceed twenty (20) hours in any thirty (30) day period.
- 8.7B The Company will invoke no more than twelve (12) temporary dislocation days during a rolling fifty-two week period. Written notification shall be provided to the Unit President in advance of any temporary dislocation.
- 8.7C The Company and Union will continue to cooperate in an effort to eliminate the use of probationary and/or seasonal employees work during any temporary dislocation.
- 8.8 Further, if an employee does not work under the provisions of Article 12, paragraph 12.2, sub-paragraph (A) and (B), such time not worked will not be counted as time lost under temporary dislocation.

8.9 It is not the intention of the Company to use the temporary dislocation provisions as a substitute for a planned reduction in the work force.

8.10 In the case of temporary dislocation, the seniority rules shall apply only within the job classification on the shift of the department so affected.

8.11 In the event that the limitation on the number or duration of the temporary dislocations or operation shutdowns is exhausted, the Company shall:

(A) Invoke the layoff provisions of paragraphs 8.14 through 8.28 or;

(B) Pay the employees affected at their base or regular hourly rates or assign them to other work as provided under Article 9, paragraphs 9.3 and 9.4.

8.12 **Operation Shutdown.** An operation shutdown is a total or partial departmental shutdown which extends beyond two (2) consecutive days but is no longer than five (5) consecutive days in the department so affected.

During the week of Christmas and/or New Year's, an operational shutdown may be taken for the entire week provided an operational shutdown is available.

8.13 The Company will invoke no more than *five (5)* partial or total operation shutdowns per department during a rolling fifty-two week period. In case of a partial departmental operation shutdown, the seniority rules shall apply to the job classification to be retained. Written notification shall be provided to the Unit President one week in advance of any operational shutdown

Probationary and/or seasonal employees shall not work during an Operation Shutdown unless all other non-probationary employees have been provided the opportunity to work.

- 8.14 **Layoff.** For the purpose of this Agreement, the term layoff means an adjustment or a reduction in the work force involving the separation of employees from the active payroll, and does not include temporary dislocations of the working force.
- 8.15 In the event of a reduction in force, an employee may, in accordance with paragraph 8.1 of this Article, exercise their seniority within their own classification and then within classifications in the same labor grade or lower labor grade in their occupational group, ending with their movement to Group 7 or layoff.
- 8.16 In returning to work from layoff, the employee in accordance with paragraph 8.1, of this Article, is eligible to be recalled to work beginning with jobs in the plant-wide pool and then to jobs in the employee's original occupational group ending with their return to work in their regular classification. However, if an employee does not have the seniority to be recalled to their home classification and/or labor grade in the plant-wide pool, the employee will have the right to be assigned to a higher classification in the plant-wide pool, prior to the Company hiring new employees. The employee will remain in this classification until their seniority enables them to return to their regular classification.
- 8.17 In the event an employee is excess in the plant-wide pool and does not have the seniority to maintain their classification or a lower classification, prior to being laid-off the employee will be temporarily transferred to the highest classification in the plant-wide pool in line with their seniority. The employee will remain in this classification until their seniority enables them to return to their regular classification.
- 8.18 If an employee waives a classification and takes a voluntary layoff in the course of a layoff, such waiver shall remain in effect only for the duration of the layoff and shall become void after the employee is returned to their last classification and/or regular classification. Employees shall have three (3) working days after the release date of the

move impacting the employee, to notify the Company that they are waiving a classification.

- 8.19 After thirty-six (36) months of Voluntary Layoff, an employee will be contacted one (1) time by the Company if and when there is an open job, to be given the opportunity to return to the active payroll. The employee will be assigned to an open job prior to hiring new employees and after the Layoff/Recall Procedure and Pre-Job Bid System has been utilized. The employee will be assigned to the highest open job that he or she is qualified for in their occupational group or plant-wide pool ending with his or her home labor grade.
- 8.20 The employee will remain in the classification as assigned until the employee is recalled to their home classification per the Layoff/Recall Procedure or he or she Pre-Job Bids per his or her request.
- 8.21 The employee will not be eligible for an additional Voluntary Layoff until one of the following occurs:
- (A) The employee is recalled to their home classification and is later transferred out of said classification.
 - (B) The employee Pre-Job Bids and is later transferred out of said classification.
- 8.22 A Voluntary Layoff will not be granted by the Company for a semi or skilled classification until the employee is properly replaced. However, the Voluntary Layoff will be granted if the Company has not replaced the employee within ten (10) working days for the 5x8 schedule or eight (8) working days for the 4x10 schedule.
- 8.23 Prior to thirty-six (36) months, employees on Voluntary Layoff will have recall rights only to their home classifications. Also, if the employee refuses the opportunity to be returned to the active payroll after thirty-six (36) months, he or she will be entitled to be recalled to his or her home classification only.

- 8.24 Employees presently on Voluntary Layoff for thirty-six (36) months or longer will be contacted if and when job openings exist, in line with their seniority, to be given the opportunity to be reinstated per the above stated procedure.
- 8.25 The Company will give to the Union Committee and to the employees who will be affected forty-eight (48) hours advance notice in the event of a manpower move if five percent (5%) of the work force is affected.
- 8.26 The Company will give the Union Committee, and to the employees who will be affected forty-eight (48) hours advance notice in the event of a layoff. In the event of a layoff which will affect ten percent (10%) of the work force, the Company will give copies of the layoff list to the Union Committee seventy-two (72) hours in advance, and will notify the employees affected forty-eight (48) hours in advance.
- 8.27 Each time employees are recalled to work from layoff, the Company will give the Union Committee a list of the recalled employees.
- 8.28 An employee improperly laid-off or recalled under the provisions of paragraphs 8.14 through 8.28 only, shall have ten (10) working days from the date the error is known by the employee to file a grievance. A grievance settlement in favor of the employee affecting wages shall not exceed 30 days of retroactive adjustment from the date of the error and the Company will only be liable for the difference between the base pay to which the employee was entitled and the base pay he or she earned at their other job, either with the Company or outside the Company.
- 8.29 **Seniority List.** The seniority list will be revised by the Company every ninety (90) days, and a copy given to each member of the Grievance Committee. Employees will be assigned a unique numerical identifier upon hire. In cases where employees have the same seniority date, the employee with a last name occurring first alphabetically will be the senior employee. Once the seniority order is established it will not be subject to change.

8.30 **Probationary Employees.** All new employees of the Company shall be considered probationary employees (except seasonal employees) until they have completed ninety (90) calendar days of continuous service with the Company, after which their seniority shall date from the first date of their latest hiring in the plant. The Company shall be the sole and exclusive judge of the ability and qualifications of a probationary employee.

8.31 If a probationary employee, who is laid-off or terminated prior to completing their probationary period is rehired within one (1) year from the date of their layoff, the employee must complete ninety (90) calendar days of continuous service from the date of their rehire. Under these circumstances, the employee's seniority will date from the date of the original employment. The above administrative provisions will also apply to seasonal employees who transition to probationary status without any break in service.

8.32 **Continuous Service.** The length of continuous service of an employee means the aggregate length of the period or periods of active service with the Company in the bargaining unit unless such service shall be broken by one or more of the following events, in which case it means the aggregate length of the period or periods of active service subsequent to the last such break in service.

- (A) The employee voluntarily resigns from the Company.
- (B) The employee is discharged by the Company.
- (C) The employee fails, while laid-off, to communicate with the Company within three (3) calendar days after the date on the return receipt of the certified letter sent by the Company, unless such failure is excused by the Company on account of sickness, or other satisfactory cause. The Company shall be considered to have fulfilled its obligations to give the notice called for in paragraphs 8.32 and 8.33 by sending a certified

letter, return receipt requested, to the laid-off employee's address as shown on the Company's records.

- (D) The employees' continuous absence from active employment by the Company for a period of more than thirty-six (36) months for any cause whatsoever except military service, and absences caused by accidents occurring on the Company's premises, in which latter case such employee shall accumulate credit for continuous service until the termination of the period for which statutory compensation is payable.

8.33 At the end of thirty-six (36) months of continuous absence from active employment, employees having a seniority date prior to April 25, 1999 shall continue to have recall rights for twenty-four (24) additional months, but their seniority will not accumulate beyond the thirty-six (36) months.

8.34 **Transfers (Pre-Job Bidding).** The provisions of this section shall apply to an employee's initial bid to transfer to an open job in a different classification or to a lateral transfer to a different department. Lateral transfer to a different department will be unlimited. Employees bidding to different classifications will be subject to the limitations of (E) below. An employee who desires to bid or transfer may do so in writing to the Human Resources Department subject to the following.

- (A) The Company agrees to post a bulletin indicating the cutoff date and listing requisitions prior to the Human Resources Department writing a manpower move. The minimum posting period will be forty-eight (48) hours. It is understood that employees submitting Job Bids to these initial openings listed on this bulletin will not necessarily be transferred since employees who are excess or have recall rights have first preference.
- (B) If the bid to transfer is to a different classification, the employee may be interviewed prior to the job being filled to determine their ability and

qualifications to perform the work for which he or she is bidding.

- (C) A copy of the bid to transfer will be provided to the employee at the time the employee submits a bid.
- (D) An employee may not have more than four (4) requests for lateral transfers and/or bids for transfers to a different classification at any one time. If awarded a transfer the employee will be given the highest paying job, provided the employee meets all the applicable qualifications for the following classifications: Production Support Associate, Precision Inspector B, Group Leader and Apprentice.
- (E) An employee granted a transfer to a different classification, in occupational groups 1 through 6, will not be eligible to transfer again until the employee has completed a minimum of six (6) months in that classification. Employees granted a transfer to a different classification within occupational group 7 will not be eligible to transfer again until the employee has completed a minimum of three (3) months in that classification.
- (F) At the conclusion of the manpower move, all bids will be destroyed.
- (G) Any employee requesting a transfer must have completed a minimum of six (6) months service with the Company.
- (H) A probationary employee may be unilaterally transferred by the Company if no bids for transfer were submitted and the job is designated for a new hire.
- (I) Any employee who is transferred per their request to a different classification in groups 1 through 7 and is later transferred as a result of the

Layoff/Recall Procedure will be allowed to transfer without being subject to (E) above.

- 8.35 When a job opens, except for the provisions listed in paragraphs 8.36 and 8.37, it will be filled by either an employee having a Pre-Job Bid on file for a transfer under (Different Classification) or (Same Classification), depending upon which employee has the greater seniority. If the job is not filled in this manner, it will be filled by the transfer of a qualified employee within the plant. In filling a job in either of the above ways, the employee to be transferred will be moved provided that there is a qualified replacement available for semi and skilled classifications (This is not meant to permanently retain an employee in a job classification). Only employees in occupational groups 1 through 6 will be retained for up to two (2) weeks in order to provide a training opportunity or a qualified replacement. Employees in group 7 will be released immediately.
- 8.36 The provision in paragraph 8.35 addressing transfers to different classifications shall only apply when there is no employee working outside of their own classification as a result of layoff who has recall rights to return to their own classification.
- 8.37 When a job opens, and there are employee(s) out of the classification, the job(s) will be filled first by lateral transfers. Any remaining open job(s) will be filled by individuals being recalled to their home classification. Only after all employees are recalled to their home classification will pre-job bids be accepted.
- 8.38 The name, seniority date and department of employees transferred to jobs under this section will be posted on the bulletin board after each manpower move.
- 8.39 Unless an employee who has been qualified for a job under paragraph 8.34 (B) of this section withdraws the application for transfer prior to the posted cut off time, the employee shall be required to accept the transfer.
- 8.40 When a classification is established, either as the result of a new or changed operation or the creation of a new

department, and/or a department begins an additional shift, a notice of such action will be posted on the bulletin board and bids honored.

- 8.41 **Shift Preference.** At the time of a work force adjustment which results in the employee being transferred, or when an employee has been transferred to an open job by means of a Pre-Job Bid, the employee will have shift preference in line with their seniority. The employee will be given the right to exercise shift preference within three (3) days after the release date(s) of the move impacting the employee, and the Company will make the change as soon as possible and practicable.
- 8.42 During a manpower adjustment affecting a department, employees assigned to the department affected will be given an opportunity to change shift in line with their seniority within three (3) days prior to the date of the manpower move.
- 8.43 **Job Disqualification.** If as a result of a physical condition brought about by injury or illness, and the employee is no longer able to meet the requirements of their job to the satisfaction of the Company, the employee may request a transfer, or the Company may initiate action to transfer the employee, to a job which the employee can perform to the satisfaction of the Company, and to which their seniority otherwise would entitle them, as provided for in paragraphs 8.1 through 8.6 of this Article, commencing with classifications in the same or lower labor grades within their occupational group.
- 8.44 In considering such a transfer, the Company will require the employee to take a physical examination if this action is indicated based upon the employee's previous performance on their present job, the employee's records in the Company's Medical Department, and in those cases in which there is an obvious indication that the judgment of the Company's doctor is required before making a decision on the transfer.
- 8.45 If an employee is disqualified from their job because of failure to perform the assigned work as required for any

reason, except as provided in paragraphs 8.43 and 8.44, the employee shall be given the opportunity to transfer to an open job which he or she can perform to the satisfaction of the Company, and to which their seniority otherwise would entitle them. If there are no open jobs available, the employee will then have the opportunity to replace only the least senior employee in Group 7.

- 8.46 **Transferring Out of Unit.** Effective May 2, 2011, an employee with seniority in the bargaining unit transferring out of the bargaining unit prior to or after the effective date of this Agreement, shall continue to accrue seniority, and commence work as an hourly rated employee in line with his or her seniority ranking and in accordance with the provisions of this Article, provided, the employee is transferred back to the unit within twelve (12) months after transferring out of the unit. If the employee transfers for a second time to a position out of the bargaining unit, and thereafter is transferred back to the unit, the employee shall commence work as an hourly rated employee with no seniority ranking regardless of the length of time out of the unit.
- 8.47 Deleted effective 5/2/2011.
- 8.48 Employees with seniority in the bargaining unit transferring out of the unit after the effective date of this agreement, and remaining out of the unit for twelve (12) consecutive months or more, and is thereafter transferred back into the bargaining unit shall commence work as an hourly rated employee with no seniority ranking.
- 8.49 **Production and Maintenance Work.** All production and maintenance work shall be performed only by employees in the bargaining unit, except for purposes of instruction, demonstration, performing work of an experimental nature, checking the safeness of an operation and in case of an emergency where an employee is not available to do such work. The Company pledges its full cooperation to prohibit violations of paragraphs 8.49, 8.50 and 8.51 and will instruct all non-bargaining unit personnel on the seriousness of its intent and the requirement for everyone to follow the provisions of paragraphs 8.49, 8.50 and 8.51.

- 8.50 To enable the Company to keep its production abreast of scientific and technical changes, the Company may, from time to time, providing this will not affect the tenure of employment for the regularly assigned employees, hire, transfer, train, and assign duties to technical men or women, or others who in the opinion of the Company, may be qualified for that purpose. Any violation of this provision should immediately be brought to the attention of the Production Manager.
- 8.51 The above shall not be used to displace any employee regularly assigned to such job, or to keep from placing an employee on such job.

ARTICLE 9

RATES OF PAY AND CLASSIFICATIONS

- 9.1 **Job Classification.** The job classifications and rates of pay shall be set forth in Appendix A and Appendix B attached hereto and made a part of this Agreement. These job classifications and rates of pay shall remain in effect during the life of this Agreement, except as changed in accordance with paragraphs 9.12 and 9.13, Base Rates, of this Article. Appendix B will determine the rates of pay for all employees hired after May 2, 2011 working in labor grades 1-9.
- 9.2 The base rates shown in Appendix A will remain in effect for the life of the Agreement.
- 9.3 **Temporary Transfers.** During the period of a temporary transfer made at the Company's request not to exceed twenty (20) consecutive calendar days, the employee selected shall receive the base hourly rate of pay applicable to the job from which he or she is transferred or the corresponding rate of pay applicable to the job to which he or she is transferred, whichever is higher. If such temporary transfer is to a higher labor grade, employees will be asked to transfer based upon their seniority in the classification selected. However, if the transfer is to the same or lower labor grade, the junior employee will be assigned to the

temporary transfer based upon the classification from which the employee is selected.

- 9.4 After an employee is assigned to the same job for twenty consecutive calendar days by means of a temporary transfer, the job shall be considered a permanent opening and subject to be filled as an open job under the provisions of Article 8, Seniority, paragraphs 8.34 through 8.40, Transfers, except as provided under Article 24, paragraph 24.6.
- 9.5 **Incremental Increases.** Progressive incremental increases as outlined in Appendix "A" shall be effective on the preceding Monday if the increase is due to be effective on a Tuesday. The incremental increase will be effective the following Monday, if the increase is due to be effective on a day falling during the remainder of the week. If the incremental increase is due to be effective on a Monday, it will become effective on that Monday.
- 9.6 When an employee is transferred under the provisions of Article 8, paragraphs 8.34 through 8.40, Transfers, the employee shall receive the next higher incremental wage rate in the event of a transfer to a different pay grade; or the maximum wage rate in the event of a transfer to a different pay grade where the employee's old pay rate exceeds the maximum of the new pay grade; or the same wage rate in the event of a transfer to same pay grade.
- 9.7 In the event an existing classification is eliminated through job evaluation and is replaced by a new classification, the incumbents transferring to the new classification will be paid according to the same step in the rate progression table that the employee maintained in the obsolete classification.
- 9.8 **Group Leader.** Employees classified as group leaders will receive an additional \$1.50 per hour pay above the highest classification in the occupational group in which they lead.
- 9.9 Group leaders will be selected based upon the employees' knowledge, skill and ability to do the job with consideration given to seniority. An employee desiring to be a group

leader must fill out a group leader application form at the hourly Human Resources department. Upon completing the application, the employee will be interviewed and selected for the position by the Group Leader Selection Committee, which will include the Cell Manager, Labor Relations Manager, Union President and Chairman of the Union Grievance Committee or their designee. At the conclusion of the interview, all committee members shall complete the evaluation forms at the same time and the evaluations will then be tallied. Group leader overtime will be handled under the normal rules of overtime.

9.10 **Group Leader Seniority Rights.** Group leaders will have bumping rights only within their occupational group. If for any reason a group leader is bumped out of their group into group 7, they will bump into the Production Associate "A" classification, unless they can demonstrate to the selection committee that they possess the knowledge, skill and ability to perform all elements of the Production Associate "A" classification, in which case they could retain group leader status.

9.11 **Deleted effective 4/28/2014.**

9.12 **Base Rates.** Whenever it shall become necessary for the Company to establish a new base hourly wage rate, or to adjust an existing base hourly wage rate for reasons such as: the creation of a new job, the development of new manufacturing processes, substantial changes in equipment of job content, or improvements brought about by the Company in the interest of improved methods and products, the Company shall establish or adjust such base hourly rates in proper relationships to rates paid for similar or comparable jobs within the plant.

9.13 A rate so established by the Company shall be subject to adjustment where it is found to be incorrect, and such adjustment shall be made effective the date the employee was assigned to the new or changed job. If, after a thirty (30) day trial period, a grievance shall be filed by an employee holding such job, alleging that such rate does not bear fair relationship to the base hourly wage rates established for other jobs in the plant, the matter shall be

handled in accordance with the Grievance Procedure including arbitration as set forth in Article 16 of this Agreement. It is agreed, however, that no such grievance shall be deemed to exist unless notice thereof shall be filed within the period commencing thirty (30) days and ending sixty (60) days after such rate shall have become operative.

9.14 General Increases:

<i>Effective</i>	<i>April 28, 2014</i>	<i>\$0.50</i>
<i>Effective</i>	<i>April 27, 2015</i>	<i>\$0.50</i>
<i>Effective</i>	<i>April 25, 2016</i>	<i>\$0.50</i>
<i>Effective</i>	<i>May 1, 2017</i>	<i>\$0.50</i>

Rates of pay for employees hired after May 2, 2011 will be covered by Appendix "B"

ARTICLE 10
HOURS OF WORK

- 10.1 **Hours of Work.** The regular hours of work are eight (8) hours per day or forty (40) hours per week. The regular hours of work for a four day, ten hour schedule are ten (10) hours per day or forty hours per week. The work week shall begin at 12:01 A.M., Monday and end at midnight the following Sunday.
- 10.2 The Company may elect to schedule some departments, or employees within a department, to a four (4) day week, consisting of ten (10) consecutive scheduled working hours each day. In such event, overtime rates will not apply until after the completion of the ten (10) regularly scheduled working hours. The Company will provide the Union sixty (60) days notice prior to implementing this schedule.
- 10.3 The foregoing does not constitute any guarantee of hours of work per day or per week, nor does it limit the right of the Company to require employees to work any specified number of hours, either per day or per week.
- 10.4 **Overtime Equalization.** It is recognized that emergency requirements for overtime work are inherent in certain

departments such as Maintenance, Tool Room, Receiving, Shipping and other service functions, and that in these instances, and in emergency situations involving employees in other departments, it may not be possible to give employees advance notice of a requirement of overtime work.

- 10.5 On the other hand, in all cases in which the Company is able to anticipate a need to work overtime, employees shall be told before the end of the current shift if they are required to work overtime on the next scheduled shift. Also, if overtime is scheduled for Saturday or Sunday, the employees, who will be required to work overtime, will be told before the end of the shift on Thursday. In addition, for those employees on the four (4) day ten (10) hour schedule and required to work overtime on Friday, Saturday or Sunday, they will be told before the end of the shift on Wednesday.
- 10.6 If a change in the overtime schedule becomes necessary during the regular work week including Friday, Saturday or Sunday work, such notice shall be given to employees at least two (2) hours prior to the completion of the regular shift unless the overtime schedule is canceled because of a breakdown of equipment or Act of God.
- 10.7 Overtime work in each department will be divided as evenly as possible during the year, by classification and by shift, with the Company agreeing to limit the out of balance at one time between the employee having the most overtime hours worked and employee having the least overtime hours worked to eleven (11) hours on any one shift and twenty-two (22) hours between shifts, when the department is normally operating on a 4 x 10 schedule. Should the department be operating on a 5 x 8 schedule, the out of balance limits will be nine (9) hours on any one shift and eighteen (18) hours between shifts. When both shifts are working overtime employees will work their normal shift consistent with the agreed to overtime rules. In addition to the above, in the event that a mistake in the scheduling of overtime is brought to the attention of the Supervisor by the employee and his or her steward one (1)

hour prior to the end of the shift and no action is taken to correct the error, the employee will be paid.

- 10.8 For purposes of dividing overtime work, overtime charges will be made in accordance with the charging of overtime rules mutually agreed upon between the Company and the Union.
- 10.9 **Overtime.** The Company will pay one and one-half (1 1/2) times an employee's base hourly rate for time worked by an employee based on his or her work schedule as follows: for five (5) eight (8) hour days - in excess of eight (8) hours in any one day, for four (4) ten (10) hour days - in excess of ten (10) hours in any one day.
- 10.10 The Company will also pay one and one-half times an employee's base hourly rate for time worked by an employee on Friday if the employee is on a ten (10) hour schedule. If an employee is on a ten hour schedule, where an employee is absent from work the employee shall not receive one and one-half (1 ½) pay times the base hourly rate for work on Friday until the employee has worked in excess of forty (40) hours in the work week. Hours of work missed by an employee that are unexcused shall not be included as hours worked for overtime calculation, or on Saturday if the employee is on an eight (8) hour schedule. This provision does not apply to any employee whose regular work schedule concludes with the fifth working day extending into a Saturday morning.
- 10.11 Overtime and premium payments shall not be pyramided.
- 10.12 **Overtime Pay.** The Company will pay two (2) times an employee's base hourly rate for time worked by an employee on Sunday. However, there will not be any payment of double time when the regular scheduled eight (8) hours shift extends into either a Sunday or a Holiday. If overtime is scheduled beyond the regular eight (8) hours and extends into either a Sunday or a Holiday, such overtime will be paid for at two (2) times the employee's base hourly rate.

- 10.13 **Shift Premium.** Employees reporting to work on the second (2nd) shift shall receive twenty (20) cents per hour premium for all hours worked on the second (2nd) shift.
- 10.14 Employees reporting for work on the third (3rd) shift shall receive twenty (20) cents per hour premium for all hours worked on the third (3rd) shift.
- 10.15 Employees commencing work or called in to work on shifts starting between the hours of 12:00 noon and 10:00 P.M. will be paid the second (2nd) shift premium. Employees commencing work or called in to work on shifts starting between the hours of 10:00 P.M. and 5:30 A.M. will be paid the third (3rd) shift premium.
- 10.16 Any first shift employee who works twelve (12) consecutive hours or more on his or her shift will receive second (2nd) shift premium commencing with the ninth (9th) hour of work. For those employees working fourteen (14) hours on a ten (10) hour schedule, second (2nd) shift premium will commence with the eleventh (11th) hour of work.
- 10.17 **Work Schedule.** Each employee is expected to begin his or her work on schedule and to continue their work until the completion of the scheduled shift. An employee shall ring in his or her attendance card or badge no earlier than fifteen (15) minutes before the starting time of their shift, and shall ring out their attendance card no later than fifteen (15) minutes after the end of his or her shift, unless authorized by the supervisor.

ARTICLE 11

MILITARY SERVICE

- 11.1 Any employee who is called or volunteers to serve in the Armed Services of the United States Government shall, upon discharge or separation from such service under the conditions provided by law be reinstated to their former job and shift, if applicable, or a like job at its current status with full accumulated seniority, providing he or she is physically fit to perform the work and the Company has work available for which they are qualified. Any such employee must apply

for reinstatement within ninety (90) days after the date of the discharge or separation from the Armed Services. In the event he or she became disabled while in such government service and is physically unfit to perform their regular work, the Company will place them in any available job that they are capable of doing satisfactorily. - 11.2 Members of the Armed Forces Reserves and National Guard shall be granted a leave of absence for a period no longer than the two (2) week "Summer Training Program". Such employee shall receive the difference between eight (8) times their base hourly rate or ten (10) times their base hourly rate, as applicable, and their military pay for each normal workday, up to two (2) weeks. Such payment will also be applicable to emergency call-ups for a period not to exceed two (2) weeks. The employee will present proof of attendance and of the amount of pay received from the military.

ARTICLE 12

MINIMUM PAY GUARANTEES

- 12.1 **Reporting Pay.** Except as otherwise provided in paragraph 2.2 of this Article, if any employee shall be required by the Company to report for work on any day and the employee shall report at the time and place at which he or she was required so to report and shall not be put to work, or actually begins to work and works less than one half (1/2) their normally scheduled hours, the employee will be paid four (4) hours if normally scheduled to work a five (5) day, eight (8) hour work schedule or five (5) hours if normally scheduled to work a four (4) day, ten (10) hour work schedule. For days which are not normally scheduled work days, the reporting pay will be one half (1/2) of the posted hours scheduled for that day but not less than four (4) hours nor more than five (5) hours. At the Company's discretion, the employee may be assigned and shall perform other work.

12.2 **Exceptions.** The provisions of the foregoing paragraph 12.1 shall not apply:

(A) In any case in which an employee's request to be excused from work is granted by the Company or in any case in which an employee, because of his or her own fault is not put to work or is suspended or terminated for disciplinary reasons after having been put to work, or

(B) In any case in which any employee shall be laid off, after having been put to work, by reason of any strike, slow-down, or other stoppage of work in connection with any labor dispute, or Act of God.

12.3 **Call-In Pay.** If an employee is recalled to work from their home after having worked his or her regularly scheduled hours, either eight (8) or ten (10), whichever is applicable, previously in the day, to perform work in any emergency, the employee shall be paid at the rate of time and one-half (1/2) for the hours worked, but in no case shall they be paid less than four (4) hours if their normally scheduled work day is eight (8) hours or less than five (5) hours if their normally scheduled work day is ten (10) hours at the rate of time and one half.

12.4 If an employee is called into the plant for work in an emergency on Saturday, Sunday or a Holiday, they shall be paid at the premium rate required for the hours worked, but in no case shall they be paid less than four (4) hours if their normally scheduled work day is eight (8) hours or less than five (5) hours if their normally scheduled work day is ten (10) hours at the premium rate for the day involved.

ARTICLE 13 HOLIDAYS

13.1 **Paid Holidays.** The following days shall be considered holidays regardless of the day of the week on which such holiday falls. When any of the following enumerated holidays fall on Sunday and the day following is observed as the holiday by the State or the Nation, it shall be paid as

such holiday. Any holiday falling on Saturday will be celebrated on the Friday before such holiday.

04/03/15	03/25/16	04/14/17	03/30/18

- 13.3 For the employee normally scheduled to work the four (4) day ten (10) hour work schedule, and not scheduled to work on a holiday, the amount of holiday pay will be based upon the number of hours worked during the last full payroll week immediately preceding the holiday, including shift differential, divided by the days worked, but in no case more than four (4) days, then multiplied by the employee's base hourly rate, but in no case less than ten (10) hours including shift differential, multiplied by his or her base hourly rate, provided the holiday falls on a normally scheduled work day. The employee will be paid eight (8) hours times their base hourly rate including shift differential for a holiday which falls on a day not normally scheduled.

Employees are required to work the scheduled shift before or the scheduled shift after a holiday to be eligible for holiday pay whenever more than one (1) holiday is recognized together. For single day holiday employees are required to work the scheduled day before and after the holiday to be eligible for holiday pay. Excuses provided by the Agreement will not disqualify an employee from holiday pay.

- 13.4 For the employee normally scheduled to work the five (5) day eight (8) hour schedule, and not scheduled to work on a holiday, the amount of holiday pay will be based upon the number of hours worked during the last full payroll week immediately preceding the holiday, including shift differential, divided by the days worked, but in no case more than five (5) days, then multiplied by the employee's base hourly rate, but in no case less than eight (8) hours including shift differential, multiplied by his or her base hourly rate.
- 13.5 An employee will be eligible for holiday pay if he or she works one (1) of the two (2) qualifying days during the week in which the employee is either laid-off or recalled.
- 13.6 **Notice to Work.** If a holiday falls on Friday or Monday, an employee is to be notified one (1) week in advance if they are to work on that Friday or Saturday.
- 13.7 **Working a Holiday.** An employee who works on any of the above named holidays will be paid the holiday pay to which they are entitled, plus double time for actual hours worked. The agreed to overtime rules will be utilized in determining the appropriate employee to work a holiday.
- 13.8 **Failure to Report.** An employee who agrees to work and is scheduled to work on a holiday, and who fails to report for work, will receive no pay for the holiday.
- 13.9 **Computing Overtime.** For the sole purpose of computing overtime, a holiday named in this Article, which is not worked, will be counted as a day worked except where an employee agrees to work and is scheduled to report for work on the holiday and fails to do so.

- 13.10 **Holiday Hours Defined.** The above-named holidays shall be consecutive twenty-four (24) hour periods beginning and ending on the holidays enumerated above.
- 13.11 **Holiday Basing Period.** The period to be used in calculating days worked for the employee will be the most recent full week the plant worked prior to the week in which the holiday occurs. For this purpose, a "full week" is one in which neither a holiday nor a complete shutdown to the plant occurs. This procedure will apply except when an employee is returning from regular vacation or an SVP vacation. In such cases, the computation will be based upon the last full week the employee worked.

ARTICLE 14 **VACATIONS**

- 14.1 **Vacation Policy.** During the term of this Agreement, the Company will grant vacations with pay to the eligible employees in accordance with the following plan.
- 14.2 **Vacation Plan.** The Company agrees to formulate and issue information about the vacation plan for each of the following business units: Manufacturing, Distribution Center, in any year on or before May 1st. Normally the Distribution Center will not have a vacation shutdown. Normally the plant will shut down for a period of two weeks sometime between June 1st and September 1st during which all employees will take their vacations. It is understood that because of planned maintenance functions or unusual operating conditions, it may be necessary to schedule a limited number of employees for vacations at times other than during the plant shutdown. In addition, it may be necessary to schedule that portion of an employee's vacation that extends beyond two (2) weeks at times other than during the plant shutdown. In these cases, the employee will schedule vacations as far in advance as possible.
- 14.3 Any holiday that should occur during an employee's vacation will entitle them to time off at a future date, if so

desired. Such time off will be scheduled as far in advance as possible by the employee.

- 14.4 **Vacation Eligibility.** To be eligible for a vacation with pay, an employee must be a full-time regular employee on the payroll as of June 1st. An employee with less than five (5) years of continuous service since his or her latest employment date with service calculated as of August 31st must also have worked a minimum of one thousand (1,000) straight time hours during the basing period which is the fifty-two (52) completed payroll weeks immediately preceding June 1st of the vacation year. An employee with less than five (5) years of service, not on the payroll June 1st, will nonetheless be eligible if he or she is absent on June 1st because of illness, disability, or layoff; but the period of absence does not exceed sixty (60) consecutive calendar days.
- 14.5 During the basing period, all overtime hours worked, all holidays not worked, all vacation hours not worked, and all hours lost due to compensable injury or sickness under the Workmen's Compensation Act shall be counted as "hours worked" for the purpose of meeting the one thousand (1,000) hours minimum service requirement. For the employee, in building up the one thousand (1,000) hour minimum service requirement, a week of vacation not worked will be credited as forty (40) hours; each additional day of vacation not worked will be credited as eight (8) hours, or ten (10) hours depending upon the employee's shift.
- 14.6 Employees with more than five (5) years of service as previously defined will be eligible for their vacation entitlement by being on the active payroll as of June 1 of any year, provided, however, that such an employee who is not on the active payroll as of June 1 shall nevertheless be eligible if he or she meets either of the following conditions:
- (A) the employee has worked five hundred (500) straight time hours during the basing period which is fifty-two (52) completed payroll weeks immediately preceding June 1 of the vacation year; or,

(B) The employee is absent on June 1st because of illness, disability or layoff, but the period of absence does not exceed sixty (60) consecutive calendar days.

14.7 A reinstated veteran returning from military service will be eligible for a vacation with pay if he or she returns to work prior to the vacation shutdown.

14.8 **Vacation Entitlement.** The number of days of vacation with pay will depend upon the number of years of continuous service since latest employment date with service calculated as of August 31st.

Years of Continuous Service Since Latest Employment Date Determined as of August 31	Vacation Entitlement
1 Year	1 Week
2 Years	2 Weeks
3 Years	2 Weeks

- 14.9 For the employee, vacation pay for a week will be their base hourly rate multiplied by the average hours of the days worked per week during the thirteen (13) completed payroll weeks immediately preceding June 1st, but in no case, less than forty (40) hours, multiplied by their base hourly rate. Similarly, for each additional day of vacation, the employee's pay will be their base hourly rate, multiplied by the average hours worked per week during the thirteen (13) completed payroll weeks immediately preceding June 1st, but in no case, less than eight (8) hours, multiplied by their base hourly rate as of June 1st of the vacation year. In this connection, the average hours worked per day will be obtained by dividing the hours worked per week by the days worked, but in no case more than five (5) days. Shift premium will be added to this calculation, if applicable.
- 14.10 **Termination.** If between June 1st and September 30th, an employee is laid off, or their services are terminated after having become eligible for a paid vacation which they have not yet taken, the employee shall receive their vacation check at the time vacation is paid to active employees.

ARTICLE 15 SAFETY AND HEALTH

- 15.1 **Company Obligations.** The Company will continue to make reasonable provisions for the safety and health of its employees, maintain proper working conditions, and shall make available to its employees protective devices and equipment as required by the laws and regulations of the State of Indiana and/or federal laws. If an employee is asked to perform an assignment that is deemed to be unsafe, talk to your supervisor. If this does not resolve the issue, contact the EH&S Department. Do not perform work you believe is unsafe. An employee will not be penalized for such an act provided there is objective evidence to justify such action.

- 15.2 An employee injured while carrying out assigned work on Company premises shall be offered an escort and transportation when it is necessary to take the employee to a doctor, hospital, or clinic for treatment. On the day of the injury, the employee will be paid at the applicable hourly rate for the time lost from their scheduled work hours while receiving medical treatment. Any revisits required as the result of the initial injury shall entitle the employee to be paid at their base hourly rate for time lost from regularly scheduled work.
- 15.3 **Union Obligation.** The Union agrees to cooperate with the Company in encouraging its employees to observe such reasonable safety regulations as the Company may prescribe.
- 15.4 **Joint Committee.** The Company and the Union agree to form and maintain a cooperative Safety Committee made up of representatives from each. The committee may designate subcommittees as necessary to augment the process if required. Monthly meetings will be held on an agreed upon date in an effort to promote a safe and healthful work environment.
- 15.5 Through active participation and cooperation the committee will strive to increase employee education and awareness while recommending improvements in plant operations conducive to accident prevention and the safeguarding of employees.
- 15.6 **The Indianapolis facility is a Tobacco Free Campus and this policy encompasses all smoking and tobacco products. Tobacco products include, but are not limited to: cigarettes, cigars, pipes, electronic cigarettes, and smokeless tobacco.**

ARTICLE 16

Grievances concerning discharge or other mutually agreed-upon issues will be initiated at this step of the Grievance Procedure. - 22.8 **Bereavement Pay.** The Company agrees to provide the employee three (3) days bereavement leave which shall be taken within two (2) weeks of death of the covered family member. No employee shall receive bereavement pay if the employee is on layoff at the time of death.
- 22.9 The employee will be paid up to twenty-four (24) hours pay for time lost, not to exceed eight (8) hours per day at their base hourly rate, or ten (10) hours per day on a four (4) day ten (10) hour work schedule, not to exceed thirty (30) hours. The employee must take their bereavement within two weeks of the death of a family member.
- 22.10 If a holiday should occur during the same time, an employee will be entitled to time off for such holiday following the completion of the twenty-four (24) hour period stated above, if they so desire. Payment for such additional time off shall be in accordance with Article 13.2.
- 22.11 In case of death in an employee's immediate family during the time the employee is on a scheduled vacation, he or she shall be entitled to a maximum of three (3) additional days off with pay at the completion of his or her scheduled vacation period if the employee so desires. Such payment shall be in accordance with paragraphs 22.8 through 22.13.
- 22.12 The Company agrees to request documentation of death and relationship in cases in which there is reasonable belief that documentation will resolve discrepancies.
- 22.13 For the purpose of paragraphs 22.8 through 22.13, immediate family shall be the employee's: mother, father, husband, wife, children, brother, sister, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparents, spouse's grandparents, sister-in-law, brother-in-law, grandchildren and stepchildren.

to eight (8) hours pay for time lost at their base hourly rate, or ten (10) hours pay at their base hourly rate on a four (4) day ten (10) hour work schedule.

- 22.14 **Retirement Pay.** Employees who retire on or after March 1, 1966 will receive a lump sum payment of five hundred dollars (\$500.00) at the time of retirement.
- 22.15 **Seniority Payments.** All employees with seniority preceding April 15, 1984, will receive a seniority payment of one dollar and ninety-two cents (\$1.92) per hour as a clock card addition for all hours worked and a payment of one dollar and twenty-seven cents (\$1.27) per hour as a clock card addition for hours not actually worked (such as vacation, holiday, bereavement, grievance, jury and military pay). The seniority payments will apply only to employees hired prior to April 15, 1984.
- 22.16 Lunch times will not be changed more than 30 (thirty) minutes prior to the scheduled time unless changed by mutual agreement.

ARTICLE 23

SEVERANCE PLAN

- 23.1 In the event that the Company discontinues an Indianapolis-based operation permanently or moves it to a new location, the following Severance Plan will be followed.
- 23.2 Under either of the above circumstances all employees whose jobs are eliminated at an Indianapolis-based operation will exercise fully their seniority rights as set forth in the Agreement which is in effect at the Company's Indianapolis-based operations at that time.
- 23.3 Job opportunities with the Company at a relocated operation will also be discussed with employees whose jobs at the Indianapolis-based location are eliminated as a result of the relocation. However, it is agreed that the offering and acceptance of jobs at a relocated operation will in no way affect any labor agreement which may be in effect at that location. The refusal of an employee to accept the

offer of a job at a relocated operation will not affect his or her rights under the provision of this article.

- 23.4 If, as a final consequence of the discontinuance of an Indianapolis-based operation, as previously described, jobs are not available, either at the Company's Indianapolis-based operations or at a new location, terminating employees will receive severance pay in accordance with the following schedule.

SEVERANCE ALLOWANCE BY YEARS OF SERVICE

Weeks at Base Pay

Less than 5 years.....	None
5 years	1 Week
6 years	2 Weeks
7 years	3 Weeks
8 years	4 Weeks
9 years	5 Weeks
10 years.....	6 Weeks
11 years.....	7 Weeks
12 years and over.....	8 Weeks

- 23.5 If an employee is laid off with recall rights in accordance with Article 8 as a result of a discontinuance of an Indianapolis-based operation, the employee will be eligible for severance allowance if he or she is not reinstated to the active payroll within the time frame as described in Article 8, paragraphs 8.32 and 8.33.
- 23.6 The applicable provisions of the Pension Plan will also apply to eligible employees who terminate their employment with the Company under the circumstances described in this Article.

ARTICLE 24 LEAVES OF ABSENCE

- 24.1 **Granting Leaves.** An employee may be granted a leave of absence based on proper and justifiable reasons and the

facts as presented in the request. Such leaves shall be applied for in writing to the Company and upon approval shall be granted in writing with a statement of the duration and circumstances thereof.

- 24.2 **Public Office.** An employee may be granted a leave of absence in order to occupy an elected public office, on a full-time basis. Such leaves shall be applied for in writing and shall be granted in writing with a statement of the duration and circumstances thereof.
- 24.3 **District Organizations.** An employee who is selected or elected for a position with the District Organization of the Union, the International Union, or full time position with the Local Union shall be granted a leave of absence for the maximum period as described in Article 8, paragraphs 8.32 and 8.33 of this Agreement. Such leaves shall be applied for in writing and granted in writing with a statement of the circumstances of such leaves. Any person on such leave of absence on the effective date of this agreement shall continue to accrue seniority.
- 24.4 **Seniority Accumulation.** During periods of leaves of absences, an employee's seniority shall accumulate.
- 24.5 **Returning from Leave.** An employee must return from a leave of absence granted under paragraph 24.3 within two (2) weeks from the expiration of such leave. Employees granted leaves of absence under paragraphs 24.2 and 24.3 shall return from such leave within the time provided in the written statement of the leave of absence. The failure of an employee to return to work in accordance with this section shall result in termination of employment. It is understood, however, that the time limits for such return may be extended by mutual agreement in writing by the Company and the employee.
- 24.6 **Classification Placement.** On return from leave of absence, the employee shall have the rights to placement in the bargaining unit that arise from the extent of their seniority. On leaves of absence of sixty (60) days or less, the employee will be returned to their former classification and shift, and department. On return from medical leaves of absence,

regardless of the duration, the employee will be returned to their former classification, shift, department and job unless the employee's physical condition prevents this reassignment. In such case, the employee shall have the rights to placement in the bargaining unit that arise from the extent of their seniority.

24.7 **Illness or Injury.** In case of verified illness or injury making it necessary for an employee to be temporarily absent from work, a leave of absence will be granted as follows:

Amount of Seniority	Maximum Amount of Leave
0 - 90 Days (Probationary Period)	None
Employees hired before May 2, 2011	52 weeks
<i>Employees hired after May 2, 2011 with 91 days or more</i>	26 weeks

24.8 **Family Leave.** An employee may be granted an unpaid leave of up to twelve (12) weeks. A family leave will provide the employee an opportunity to take care of a newborn or newly adopted child, or to care for a sick family member.

Effective August 1, 2011 or as soon as administratively possible, the Company will begin a practice of running vacation and other paid time off concurrently with FMLA for all qualifying absences as provided in the Family Medical Leave Act of 1993 and as amended.

The following provisions will apply to FMLA/vacation concurrently:

- Will apply to all new or recertified claims initiated after August 1, 2011
- Vacation time will be reduced by the same increment as the FMLA time used
- Employee's vacation balance will not be reduced below one (1) week, during a vacation cycle, due to FMLA use

- Vacation concurrently will not apply to qualifying/elimination periods for other paid time off provisions

- 24.9 The employee must provide the reason for the leave in writing to the Labor Relations Manager and must submit in writing every thirty (30) days a status report of the family leave situation. The employee must return to work within five (5) days from the conclusion of the leave. The employee will be entitled to a position within the bargaining unit under the provisions of paragraph **24.6**.
- 24.10 The provisions of a family leave may exceed that which is outlined under the Family and Medical Leave Act of 1993.

ARTICLE 25
TERMINATION

- 25.1 This Agreement shall become effective **12:01AM April 28, 2014**, and shall remain in full force and effect until **11:59PM April 29, 2018**, and shall then renew itself from year to year unless either party to the agreement gives written notice to the other party, at least sixty (60) days prior to the expiration of the Agreement, of the desire to change, amend, or terminate the agreement.

Section 2. Vacations

Section 3. Vacation Benefit Option and Payment

- 3.1 An employee shall have the following options with respect to each Vacation Benefit to which he has become entitled, subject to his irrevocable election in writing seven (7) days following the date he becomes eligible.

Option A. He may elect to take any weeks of vacation benefit as time off from work in accordance with Section 10, in which event he shall be paid the vacation benefit at the time that said time off is scheduled; or

Option B. He may elect to be paid the vacation benefit at the time that he requests such payment, provided that such payment shall be made no later than the next time that he receives the vacation pay provided by Article 13 of the Collective Bargaining Agreement and provided further that such payment shall not be made at any time that the employee is on strike.

Section 4. Vacation Time Off

- 4.1 If an employee has elected Option A pursuant to Section 3, the vacation time off may be scheduled by the Company at any time during the remainder of the calendar year in which the employee became entitled to the Vacation Benefit or within the succeeding calendar year.

Letter of Understanding - Staggered Shift
April 28, 2014

Mr. Donnie Knox
Unit President, Local Union 1999-07
United Steelworkers

Dear Mr. Knox:

To be able to effectively ship and efficiently manufacture products at the Indianapolis operations, some shift hours must be staggered. This practice will be kept at a minimum and it will not be done to avoid overtime. If problems develop because of a staggered shift, the committee will be expected to bring this fact to the attention of the appropriate manager for an explanation of the reason for the scheduled shift in question.

Letter of Understanding – Medical/Safety Department Policy
April 28, 2014

Mr. Donnie Knox

Unit President, Local Union 1999-07
United Steelworkers
Indianapolis, Indiana

Dear Mr. Knox:

This is to confirm the agreements reached during our recent negotiation sessions concerning Medical/Safety Department policies:

Visits to Company Doctor for Non-Occupational/Return to Work Physical:

The Company agrees to schedule all non-occupational, return to work physicals with the on-site company doctor. In the event of a change in the availability of providing return to work physicals with the on-site doctor the Company agrees to the following regarding visits to an off-site Company doctor:

1. Company medical papers will be given to the second shift employee prior to leaving the Indianapolis Carrier Plant facility if he is required to go to the Company doctor the following day.
2. The nurse will inform the second shift employee that he/she can report to the contracted health clinic at their convenience but prior to 4:00 pm the following day. However, the employee will be required to return to the plant Medical Department with the Company medical forms after each visit and prior to returning to work. Employees will be required to provide documentation of their arrival and departure in order to qualify for reimbursement as provided in 15.2.
3. A first shift employee requiring a revisit to the Company doctor will be given the appropriate medical papers when he/she returns from their previous visit to avoid having to return to the Indianapolis Carrier Plant facility prior to going to the Company

doctor on the next visit. However, the employee will be required to return to the Medical Department with the appropriate medical forms after each visit to the Company doctor.

4. The Company will pay for parking expenses incurred on an authorized visit to the off-site company doctor upon presentation of a receipt of said expense.
5. Employees shall be instructed to ensure that medical leave papers are complete to include information in all required fields of the medical leave form. When medical leave papers are incomplete and submitted within the required timeframe, the medical department will provide one courtesy call to the number provided on the leave paperwork to advise the employee of the deficiency. Employees, at that time, will be provided an additional 24 hours to resubmit their medical leave form to correct the deficiency. Proper completion of medical leave papers does not establish approval of a leave or payment of benefits.

Our medical policy requires that all employees must pass a physical examination by a Company physician before returning to work if they have been (a) absent for more than thirty (30) consecutive calendar days because of personal leave of absence or on layoff because of lack of work or, (b) absent seven (7) consecutive calendar days due to an illness or injury. The Company reserves the right to require an examination even if the period of absence has been shorter than indicated above if the reason for his absence should so indicate.

The Company also agrees to have a qualified medical attendant present in the Medical Department whenever a major production line is running.

Safety Shoes: The Company has established a safety shoe program requiring all skilled trade employees to wear safety shoes. Safety shoes are defined as those that are equipped with a protective toe. The Company has agreed to subsidize \$65 toward the purchase of safety shoes each year. A mobile shoe van will be on site at least once per year to allow employees to purchase their safety footwear on the premises. Other employees may purchase safety shoes from the mobile shoe van if they so desire however, they will not

be eligible for the subsidy. Employees required to wear safety shoes may also purchase the equipment on their own and submit a receipt, including documentation that the shoes meet appropriate ANSI safety standards, in order to be reimbursed for their purchase.

Prescription Safety Glasses:

1. The Company will pay for new prescription glasses every two (2) years.
 2. The Company policy on prescription glasses does not apply when an eye examination reveals a significant change in the individual's prescription determined by the on-site technician/optometrist. In those instances, the Company will pay for the new prescription without regard to a time limit.
3. Employees assigned to spot welding and/or departments having high metal pitting effect on glasses, the prescription eyeglasses will have plastic lenses. Because of the high risk of pitting to glass lenses and scratching to plastic lenses in spot welding departments, the Company will pay for new prescription glasses more frequently than the two-year period stated in Item #1 if the glasses become damaged through work activity. The employees, however, are expected to carry out reasonable care and precautions to prevent careless damage to their glasses.
4. The Company will pay for all tinting/shading of glasses, provided the employee has an approved documented medical restriction. Shaded lenses will be furnished to those employees required to work in spot welding/brazing areas.
5. All company issued prescription safety glasses are required to have permanently affixed side shields.
6. The Company does not pay for the eyeglasses examination.
7. It is the Company policy to replace at no charge to the employee any prescription eyeglasses when such glasses and/or frames break or are found to be deficient because of the manufacturer's quality.
8. The Company will provide retirees who so desire, prescription

eyeglasses at the Company's cost.

It is the Company's intention to post the above policies in a prominent location within the Medical Department.

Letter of Understanding – Employee Placement
April 28, 2014

Mr. Donnie Knox
Unit President, Local Union 1999-07
United Steelworkers
Indianapolis, Indiana

Dear Mr. Knox:

This is to confirm the agreements reached during our recent negotiation sessions concerning employee placement:

This letter serves to clarify Article 24.6 as it relates to employee placement when returning from medical leaves of absence during or after a manpower move. Regardless of the duration of the leave, the employee will be placed in the new classification, shift, department and/or job that arise from the extent of their seniority.

Article 24.6 stands as is for all activity not related to manpower moves and has no effect on an employee's medical leave status as result of a manpower move.

All parties agree this clarification will be effective with the August 3, 2009 manpower move.

Very Truly Yours

Letter of Understanding – Group Leader Criteria
April 28, 2014

Mr. Donnie Knox

Unit President, Local Union 1999-07
United Steelworkers
Indianapolis, Indiana

Dear Mr. Knox:

The Group Leader position at the Indianapolis Carrier facility is defined in Article 9, 9.8, 9.9 **and 9.10** of the Collective Bargaining Agreement. In addition to the Group Leader principles defined in the Collective Bargaining Agreement the Company and Union have accepted additional Group Leader criteria. Those additional agreed to Group Leader criteria are as follows:

Applicants for Group Leader positions who have more than five (5) attendance points as defined in the agreed to Attendance policy will not be eligible for a Group Leader position.

Applicants for Group Leader positions who have active written personal warning slips, as defined in Article 22 of the Collective Bargaining Agreement, on file will not be eligible for a Group Leader position.

Applicants will be evaluated and selected based upon the employees' knowledge, skill and ability to do the job with consideration given to seniority.

Members of the Group Leader Selection Committee shall at the conclusion of the Group Leader interview complete the evaluation forms at the same time and the evaluations will then be tallied. The Group Leader applicant with the lowest overall evaluation will be awarded the Group Leader position. [Group Leader Evaluation form attached]

In the event there is a tie in the overall evaluations, the Group Leader applicant with the greatest length of continuous service (seniority) will be awarded the Group Leader position.
